Report of Independent Registered Public Accounting Firm

To the Stockholder and the Board of Directors of Resolute Investment Distributors, Inc.

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Resolute Investment Distributors, Inc. (the Company) as of December 31, 2019 and the related notes (the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company at December 31, 2019, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2017.

Resolute Investment Distributors, Inc.

Notes to Statement of Financial Condition

December 31, 2019

1. Organization and Significant Accounting Policies

Resolute Investment Distributors, Inc. (the Company) is a Delaware company organized on February 2, 2017 and is a wholly-owned subsidiary of Resolute Investment Managers, Inc. (Parent or RIM). The Company commenced operations on November 17, 2017. The Company is a registered limited purpose broker-dealer with the Securities and Exchange Commission (SEC) under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority. Effective March 1, 2018, the Company commenced distribution services for the American Beacon Advisors, Inc. (ABA) mutual fund complex, the American Beacon Funds. ABA is an affiliate of the Company. The Company also provides certain marketing, distribution-related and selling services to its affiliate, ARK Investment Management LLC (ARK), a registered investment adviser, in connection with exchange-traded funds advised by ARK.

The following is a summary of significant accounting policies followed by the Company in the preparation of its statement of financial condition.

Basis of Presentation

The Company's financial statements are for the year ended December 31, 2019 and have been prepared in accordance with accounting principles generally accepted in the United States (U.S. GAAP). In preparing the statement of financial condition, management is required to make estimates and assumptions that affect the amounts reported in the Company's financial statements and accompanying notes. Actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include money market accounts and deposits with banks. The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Cash equivalents are stated at cost, which approximates fair value due to the short-term maturity of these investments.

Restricted Cash

The Company is subject to requirements related to maintaining a minimum cash balance. Restricted cash as of December 31, 2019 represents contributed capital from RIM to the Company totaling \$1,000,000 that must be held for a period of one year. The restriction expires in July 2020 on \$500,000 and in December 2020 on \$500,000.

1. Organization and Significant Accounting Policies (continued)

Income Taxes

The Company is considered a corporation and is a wholly-owned subsidiary of RIM's parent, Resolute Topco, Inc. (Topco Sub) for U.S. federal income tax purposes. Topco Sub files a consolidated federal income tax return that includes the Company, as well as other subsidiaries. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The Company has evaluated its tax positions to determine whether each position is "more likely than not" to be sustained upon their examination by the appropriate taxing authorities. Tax Years 2017 and forward are currently open for examination under federal and state statutes of limitations. The Company has unrecognized tax positions in the accompanying financial statement.

2. New Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments – Credit Losses, which eliminates the current incurred loss methodology and replaces it with an expected loss methodology. The standard has extensive disclosure requirements and is effective for fiscal years beginning after December 15, 2019. The Company is evaluating its current policies and processes and is developing a plan to implement this standard.

On March 2019, the FASB issued ASU 2019-01, *Leases*, which amends certain aspects of the Board's new leasing standard, ASU 2016-02. The standard requires lessees to record right-of-use assets and lease liabilities arising from most operating leases on their statement of financial position. The standard is effective for periods beginning after December 15, 2018. The Company adopted the standard, and there was not a material impact to the Company's statement of financial condition.

3. Fair Value Measurement

The Company is subject to fair value accounting standards that define fair value, establish the framework for measuring fair value, and provide a three-level hierarchy for fair valuation based upon the inputs to the valuation as the measurement date. The three levels of the fair value hierarchy are as follows:

- Level 1 Quoted prices for identical instruments in active markets.
- Level 2 Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

3. Fair Value Measurement (continued)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following table presents the Company's fair value hierarchy for financial instruments valued at fair value as of December 31, 2019:

	Level 1	 Level 2	Le	evel 3	Total
Cash equivalents:					
Money market mutual funds	\$ 137,349	\$ -	\$	-	\$ 137,349

4. Income Taxes

The components of deferred tax assets and deferred tax liabilities for the years ended December 31, 2019:

Deferred tax assets:	2019			
Amortization of definite lived intangible assets	\$	37,319		
Federal benefit of state taxes		1,398		
Net operating losses		676,762		
Total deferred tax assets before valuation allowance		715,479		
Valuation allowance		(715,479)		
Total deferred tax assets	,	***		
Deferred tax liabilities:				
Total deferred tax liabilities		_		
Total net deferred tax liability	\$	-		

A valuation allowance has been recorded against the Company's deferred tax assets as management believes it is more likely than not that the deferred tax assets will not be realized based on the weight of available evidence. The net increase in the valuation allowance from 2018 to 2019 was \$253,480.

5. Related Parties

Total due to affiliates of \$4,625,470 at December 31, 2019 includes normal course of business transactions between the Company and ABA, RIS, and RIM.

Total due from affiliates of \$1,664,850 at December 31, 2019 includes normal course of business transactions between the Company and ABA, ARK, and the American Beacon Funds.

6. Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934. In accordance with the rule, the Company is required to maintain minimum net capital equal to \$5,000 or 6 2/3% of aggregate indebtedness, whichever is greater, as these terms are defined.

Net capital and aggregate indebtedness change daily. At December 31, 2019, the Company had net capital of \$725,068, which was \$265,022 in excess of its required net capital of \$460,046. At December 31, 2019, the percentage of aggregate indebtedness to net capital was 952%.

The net capital rules may effectively restrict the payment of equity withdrawals.

7. Indemnifications

Consistent with standard business practices, the Company has provided general indemnification to affiliates, associates, employees, or agents when it acts, in good faith, in the best interest of the Company. The Company expects the risk of having to make any payments under these general business indemnifications to be remote.

8. Subsequent Events

Management has evaluated events or transactions through the date the financial statements were available to be issued and has determined there are no subsequent events that require recognition or disclosure in the statement of financial condition.
